SUMMARY

Flutter developer with 1+ years of hands-on experience building production-ready mobile applications using Dart, Cubit, and Firebase. Proven ability to integrate RESTful APIs, implement MVVM architecture, and deliver responsive, localized UIs. Built 5 end-to-end apps spanning attendance management, healthcare, e-commerce, entertainment, and real-time messaging. Seeking a junior Flutter role to contribute immediately and grow within a collaborative team.

PROFESSIONAL EXPERIENCE

Flutter Developer Intern (Paid) | Active4Web | May 2024 – Sep 2024

- Collaborated with UI/UX designers and backend engineers to deliver high-performance Flutter applications
- Integrated RESTful APIs with structured error handling and loading states using Cubit for state management
- Implemented responsive UI layouts compatible across multiple screen sizes and device types

Flutter Developer Intern | Eraasoft | Sep 2023 – Oct 2023

- Developed and deployed multiple API-integrated Flutter apps as part of a team within tight timeframes
- Practiced collaborative Git workflows including branching and version control via GitHub

EDUCATION

B.Sc. in Computer Science | High Institute of Computer Science and Information System | 2018 – 2022

General Grade: Good

Flutter Diploma | Route Academy | May 2024 – Sep 2024

Intensive program covering MVVM, state management (Cubit/Provider), API integration, and responsive design

SKILLS

Languages: Dart

Frameworks: Flutter

State Management: Cubit (BLoC), Provider

Architecture: MVVM

Backend & Services: Firebase (Firestore, Auth, Storage), RESTful API Integration

Local Storage: Hive, SharedPreferences, Flutter Secure Storage

UI: Responsive Design, Adaptive Layouts, Theming, Localization

Services: Location Services, Notification

Tools: Git, GitHub, VS Code, Android Studio

Soft Skills: Teamwork, Communication, Problem Solving, Time Management, Adaptability

PROJECTS

Aafiyatak (عافيتك)

Flutter | Cubit | Supabase

- Medical appointment app with two sides: a patient app and a clinic dashboard
- Patients can browse clinics, book appointments, and track their upcoming visits
- Clinics can manage daily appointments, view patient details, and monitor schedules from a dedicated dashboard
- Implemented push notifications to keep patients and clinics updated on appointment status

Dawamak (دوامك)

Flutter | Firebase Auth | Firestore | Cubit | Location | PDF & Excel Export

- Attendance management app allowing businesses to track employee check-ins and check-outs with location verification
- Integrated Firebase Auth for secure login and Firestore for real-time attendance data syncing across devices
- Built report generation feature enabling managers to export attendance records as PDF or Excel files
- Used device location services to validate that employees are on-site when marking attendance
- Managed all app state and data flow using Cubit for predictable, testable business logic

Health-Track [\[GitHub\]](#)

Flutter | Hive | Offline Storage

- Personal medical record app with fully offline data persistence using Hive for health metrics, medications, and prescriptions
- Designed local storage layer allowing users to manage sensitive health data without internet connectivity

E-cloud [\[GitHub\]](#)

Flutter | REST API | Cubit

- E-commerce catalog with nested category navigation, add-to-cart functionality, and persistent wishlist
- Implemented multi-screen navigation flow across product listings, detail views, and checkout preparation

Movie Night [\[GitHub\]](#)

Flutter | REST API | MVVM

- Movie discovery app consuming a public film API with curated recommendations and latest release updates
- Built user ratings system and personalized watchlist with local storage for offline access

Chatty [\[GitHub\]](#)

Flutter | Firebase | Real-time

- Real-time chat app built on Firebase Firestore with instant messaging between users
- Integrated Firebase Authentication for secure sign-in and Firestore listeners for live message streaming

CERTIFICATES

Mastering Flutter: Responsive & Adaptive UI Design | Udemy | May 2025 | [View Certificate](#)
